Policy statement

We believe at Linton Granta playgroup that all children should be given the opportunities to take risks in play. Our play provision aims to respond to these needs and wishes by offering children a stimulating, challenging environment for exploring and developing their abilities. In doing this, our provision will monitor the level of risk to the children so they are not exposed to unacceptable risks of death or injury.

Procedures

Before any risky play or risky activity is undertaken a risk assessment must be carried out and any advice noted and acted upon if necessary. A risk assessment form found in the risk assessment folder must be written out and other staff informed of any risk. Our risk assessments are reviewed and updated continually to avoid any unnecessary risk to both adults and children.
