

Use of Images Consent Form

In adherence to the General Data Protection Regulations (GDPR), which are effective in the UK from the 25th May 2018 [replacing the existing law on Data Protection, Data Protection Act 1998] we require your consent to use images of children under your care.

There are likely to be occasions that Linton Granta Playgroup would like to publicise activities which may involve using images featuring children under your care participating in events organised by the playgroup (this may be a photograph, video/DVD or website image). We require your written consent in advance to take, display and on occasion, publish photographs and video recordings involving children under your care. It is intended that your consent will cover the duration of the time the child attends the setting. However, we aim to inform you in advance of all instances where images will be published outside of the setting. You have the right to withdraw consent at any point.

Linton Granta Playgroup has adopted certain safeguards in order to minimise any risk to your child

- We will avoid the publication of your child's full name with any image used by the setting
- Images will be kept securely and destroyed after their required time
- Staff, volunteers and parents will not use personal equipment such as mobile phones or cameras to take images of children who attend Linton Granta Playgroup

Please note that Linton Granta Playgroup does not have control of how images taken by the media are published. However, Linton Granta Playgroup will not provide children's names to the media without parental permission.

Please complete the form on the next page and return it to Linton Granta Playgroup.
